

## FX SERIES - DIRECTIONAL FELLING HEADS

The FX Felling Heads are renowned for working in tough environments.

From shovelling to steep slope, the robust felling heads have great operator feel, cut through timber fast and are simple to maintain.

Superior high flow hydraulic circuits with no electrical system within the head, makes them super reliable.

Daily service is performed from one position, minimising downtime. All hoses, pins, lube points are easily accessible.

Every component has been designed or selected to give the owner a long operating life and excellent return on their investment.
